Content Domains Covered by Sample Questions

The ETS MFT Business encompasses several core areas, each represented proportionally in the exam. Understanding the emphasis placed on each domain helps in prioritizing study efforts.

1. Accounting (Approximately 20-25%)

Sample questions in this domain assess knowledge of financial and managerial accounting principles, including financial statements, cost accounting, and accounting cycles.

Sample Question Example:

?A company's net income for the year was \$150,000. Depreciation expense was \$20,000, and accounts receivable increased by \$10,000. Which of the following statements best describes the impact on cash flow from operating activities??
